THE HOW PUBLISHING COMPANY,
Room 74, Tribune Building,
NEW YORK, N. Y.
Entered according to act of Congress, in the year 1891,
By the HOW PUBLISHING COMPANY,
In the office of the Librarian of Congress, at Washington.
PREFACE.

To the necessities of the Stenographic business, impressed upon the mind of the author by a quarter of a century of experience with the twists and kinks of shorthand, and to the encouragement extended by prominent Stenographers, is due the production of this book.

Twenty years ago a Directory of Stenographers would have been an absurdity; to-day it is a recognized necessity. This is indicated by the large number of advertisers who appear in this book, with but little effort on our part, and also by the numerous inquiries from all classes of business men for its issue at the earliest date possible.

While we have endeavored to make the volume as complete as possible within the time expended upon its production, we yet beg the indulgence of our brother and sister Stenographers if any of them have been omitted, or errors have crept into the addresses; and we especially ask them to aid us in remedying the defect in succeeding issues by communicating with us promptly as to present or future change of address.

The book will be issued at least once a year, and each issue will undoubtedly be more perfect than its predecessor. It will also be enlarged, and additional points of information more or less connected with the main subject will be added as occasion warrants.
TO ADVERTISERS.

How can you find a better medium for Stenographers, Typewriter Manufacturers, Typewriter Supply Firms, Typewriters and Shorthand Colleges to advertise in than

HOW'S DIRECTORY OF STENOGRAPHERS.

Which reaches all these, as well as Newspapers, Lawyers and Business Men generally, not only in Offices but through the Hotels, Public Libraries and Associations.

If you are pleased with this Initial Book, rest assured you will be doubly so by the future editions, which will have a wide circulation throughout the United States and Canada.

Send in your advertisements for the next regular issue, which will appear in December, 1892, and which will be guaranteed a large circulation.

THE

AMERICAN SYSTEM OF SHORTHAND.

To supply the increasing demand for stenographers, schools of shorthand and typewriting have been established in various parts of the country, and, with few exceptions, all business colleges now have a "department of shorthand." A number of systems are taught, but *that of Benn Pitman is more generally used than any other in this country, and may be called the "American system."*—Extract from the Report of the Commissioner of Education (Washington, D. C.), for the Year 1887–88, page 927.

**ISaac Pitman's Shorthand.**

The "Twentieth Century," (N. Y.) says:

"For over 50 years Isaac Pitman has worked to perfect his system of shorthand. It has a more extensive literature, and greater aids for the learner, than any other system. It is very practical and more easily acquired than many another, on account of its better arranged instruction books — better for pupil and for teacher. The instruction books are marvels of cheapness."

Teachers and Schools will find it to their advantage to teach the Isaac Pitman system, to whom a special discount of 40 per cent. is allowed off all the books, with an additional discount on introduction. Write for particulars.

Gentlemen:—

Don't you think that if instead of sending a circular, you would write a personal letter to every person whom you wish to reach, you would more surely secure the attention of those whom you address? I can help you do this, without the labor that such a suggestion would seem to imply.

I am producing by patented process, duplicates of typewritten letters, of which this is a sample. No other process imitates so exactly the work of the type-writer, and none is so cheap for lots of five hundred copies or more.

1,000 circulars, in this style, without printed signature, on letter headings supplied by you, will cost $4.00; 2,000, $6.00.

If you will send me a postal, I shall be glad to give you any further information you may desire.

Yours truly,

Lucius W. How.

Did It Ever Occur To You

That some Shorthand Schools are Schools in name only, and not in fact?

That some schools are conducted as follows:

1. Offering to teach (?) any system of shorthand the student wishes to learn, and to accept any price he wishes to pay.
2. Where the principal knows nothing or little of Shorthand and leaves all the work to others. He might as well be a coal-shoveler for all the use he is to his school.
3. Where the principal is absent or worse nearly all the time, and lets some one else run the school as he pleases. Such a principal may have a prominent name, but what good does that do to his school or his pupils?
4. Where you are told: "There's the typewriter, you put the paper in so—now go ahead," and never get another word of instruction.

And so we might continue almost indefinitely; but if yourself or some friend wishes to obtain the best practical instruction in shorthand and Typewriting, it will be worth your while to send for a circular to

The MUNSON STENOGRAPHIC INSTITUTE,
834 BROADWAY, N. Y.

WE TEACH ONE SYSTEM OF SHORTHAND ONLY—THE MUNSON. We teach that, because we believe it to be the best.

Our Prices Do Not Vary; day lessons, $12 monthly, evening $10. Typewriting FREE to Shorthand students; to others $5 monthly. We have a good supply of the best machines, and students receive a thorough course of practical instruction on any or all of them.

The Principal and teachers are thorough, practical Stenographers, of many years' experience, and know what they are teaching.

The Principal does not neglect the School, but gives it his entire time and attention.

Advanced Instruction and Dictation a specialty.

Stenographers can recommend their friends here without hesitation.

Is the only Ribbon that has a "Woven Edge," and is of an exact width the entire length. The Ribbon and Gold Tip are patented.

Ribbons for all Machines, all Colors, Price $1.00 each: $9 Per Doz.

A BOON TO THE OPERATOR.

These Ribbons come put up in Rogers' Reel Boxes, (see cut), and each end of the Ribbon is tipped with foil, so that the fingers do not come in contact with the Ribbons, either in putting it on or taking it off the machine. This Ribbon can be put on in less than one-third the time it takes to put on any other make.

WILL OUTLAST ANY OTHER. The Ribbon is made specially for us (patented). It is made of the very best and strongest threads. It is inked with improved machinery that forces the material into the ribbon, so that it will outlast any other.

IT GIVES THE BEST RESULTS. ONCE USED ALWAYS USED.

Its copying and lasting qualities are unexcelled; try one and be convinced. This is proven by the contract lately received from the Interior Department, Washington, for 7200 Ribbons. Among others who use them are the House of Representatives, Signal Service, and other Government offices. The Western Union Telegraph Co., Standard Oil Co., etc., etc. The Columbia Typewriter Co. (Bar-lock) use our Ribbons on all their machines in this country, as well as in Europe. The International and other typewriter manufacturers use them in preference to any other make.

THE ROGERS IMPROVED TYPEWRITER CARBON PAPER

Is superior to all others. It is clean and gives a clear bright impression, and lasts a long time. Our Carbon papers are in great demand and give uniform satisfaction. We put them up in handsome wooden boxes (which may afterwards be used for other purposes if desired), holding 100 sheets; price $2.75 per 100. Divided in four packages of twenty-five sheets each, price 75 cents per package. Each package is wrapped in tin foil, hermetically sealed, which preserves the sheet indefinitely. Patented. This is something new and desirable, and when once seen will be appreciated.

ROGERS MANIFOLD AND CARBON PAPER CO.,

THE

Phonographic Magazine.

JEROME B. HOWARD, Editor.

PUBLISHED MONTHLY AT THE PHONOGRAPHC INSTITUTE, CINCINNATI, O.

Every number of the Magazine contains thirty-two quarto pages, of which eight pages are occupied by handsomely-printed Phonography, divided amongst the Corresponding, Easy Reporting, and Brief Reporting Styles—the latter largely in excess. The portion given to the Reporting Style is keyed in the ordinary type, and annotated with references to the Reporter's Companion, thus furnishing to students an invaluable means of study and practice.

Each number contains a portrait and biographical sketch, together with fac simile notes, of some distinguished phonographer, also proceedings of shorthand societies, legal and official stenographic news, book reviews, questions and answers, typewriter notes and news, spelling reform notes, correspondence, etc., etc., besides articles of general shorthand interest from leading writers.

The Magazine is edited by Jerome B. Howard, long associated with Benn Pitman in the compilation of phonographic works and the revision of Mr. Pitman's series of text-books. The Magazine is therefore the one thing needful to students of the Benn Pitman System of Phonography—a periodical complement to the regular books of instruction.

The subscription price is $1.50 per annum. Specimen copy free.

Clubs of five will be sent at the price of four, and mailed to separate addresses if desired.

Subscriptions may begin with any number. All back numbers will be furnished at the regular price.

Shorthand and Business Education.

WALWORTH
Business and Stenographic College,
108-110 EAST 125th ST., NEW YORK.
Established in this State in 1858. OPEN THE ENTIRE YEAR.

Brief Circular for 1891-2.

The President is Mr. C. A. WALWORTH, LL.B., associate author and part owner of Munson's Phonography, for ten years principal of the Commercial Department in the College of the City of New York, and for twenty years a business college principal. He is also editor of the "Munson's News and Teacher." This is now his only school. Its stenographic department is the original MUNSON SCHOOL, and is the official headquarters for everything concerning Munson's System.

1. WHAT IS TAUGHT.

Bookkeeping of all kinds, Shorthand and Typewriting, Practical Grammar and Correspondence, Business Arithmetic, Commercial Law, Penmanship, &c., day and evening. The instruction is divided equally into two great Courses, viz.

2. COURSES.

The BUSINESS COURSE comprises all the above branches except shorthand and typing. Penmanship is free in this Course. The STENOGRAPHIC COURSE comprises Shorthand, Typewriting, &c. Typewriting is free in this Course. Each Course is completed in six months. The humbug of "shorthand proficiency in three months" is not promised here, although this school can teach faster than any other.

3. PRICES.

Either Course, six months, including diploma. $70. Installment payments accepted. Evening courses at lower prices or by allowing more weeks.

4. LADIES' DEPARTMENT.

Occupies a separate suite of rooms, carpeted and furnished expressly for such students, but no women teachers are employed.

5. WHEN TO COMMENCE.

At any time, as every pupil is taught separately. Open the entire year. The Summer students come largely from the South and West, as well as from the city and suburbs.

6. SCHOOL HOURS.

9 A. M. to 3 P. M. Evenings, 7.30 to 9.30.

7. BOARD FOR STRANGERS.

Good board and room procured at $5 per week.

8. SITUATIONS.

Constant demand from employers at high salaries. No similar school has half so many shorthand graduates in profitable positions, and no other school has graduates filling high positions as official stenographers in the city courts and departments, viz. Superior Court, Park, Dock, Fire and Public Works Departments and Aqueduct Commissioners, besides thousands of law, railroad and business offices and others conducting first-class stenographers' offices on their own account. Its graduates command positions paying $50 to $75 per month from the outset.

The above is a complete although brief Circular. Cut it out. Send for sample copies of "THE MUNSON PHONOGRAPHIC NEWS AND TEACHER," the Munson Monthly Magazine, ($2 per year,) and for the large CIRCULAR OF THE COLLEGE.

It is made of real bristle and solid metal, handsomely nickel-plated. It is thorough and rapid in operation, yet simple, durable and a necessity to neat work. It is a decided benefit to every machine and to every operator. Price $1.00. In ordering be sure to name the machine you operate. Address,

$100?? FOR A TYPEWRITER NO!!!

A HIGH PRICE PAID FOR AN ARTICLE is by no means a guarantee of its merit, durability or genuineness. A Typewriting Machine, however, stands upon its merit; and upon an examination and comparison of price with that of a new machine, a good judge will, in nine cases out of ten, select a second-hand machine as the better bargain. TWENTY-FIVE TO FIFTY PER CENT. saved to business men in the purchase of a TYPEWRITING MACHINE is an advantage of which they avail themselves as quickly as in the purchase of any other article, proof of which is on file at the CONSOLIDATED TYPEWRITER EXCHANGE.

Stenography and Typewriting
Taught Practically
AT THE
UNION SCHOOL
OF STENOGRAPHY AND
Typewriting,
Office of the School,
No. 38 Park Row,
Mary F. Seymour,
Principal.

PRESS NOTICES.
The biggest typewriting business in the country
is run by a woman, Miss Mary F. Seymour, who
also runs a school of stenography and typewriting
that has turned out many hundred graduates, and
an employment bureau that has found situations for
them and several other typewriters and stenogra-
phers.—N. Y. Sun.

Miss Seymour, who has one of the largest type-
writings and stenographic establishments in New
York, says that women make better typewriters than
men, and quite as good stenographers. * * * One
young woman, who graduated from Miss Sey-
mour's office, is now earning $2,500 a year with a
law firm. * * * N. Y. World.

Eleven years ago Miss Seymour began her career.
Since that time she has built up the largest steno-
graphic and typewriting business in the United
States, if not in the world. Occupying a represen-
tative position herself among the skillful shorthand
reporters of the country, she has also established a
training school for stenographers and typewriters,
which is a model of its kind.—Pamphlet Report,
W. I. C.

This School has for ten years been under the
direct superintendence of the editor of "The
Business Woman's Journal," and the author of
"Practical Hints to Stenographers."

The success of the pupils of this school is
due to the fact that they are taught actual
business methods.

The Business
WOMAN'S
Journal

For $1.00
Single Copies, 10c

A beautifully illustrated monthly published
ten months in the year. In the October num-
ber, 1891, in the department devoted to the
interests of

Stenographers and Typewriters,

Was published the first lesson of a course in Pho-
nography by the Principal of the Union School
of Stenography and Typewriting, a law reporter of
twelve years experience.

Typewritten forms of legal and other papers,
compiled in one of the largest typewriter offices
in the country, can also be found in this magazine.

The other departments are the Educational:
Women under the Law, in which valuable informa-
tion is given as to the property and marriage rights
of Women; Women Journalists; Health Topics;
Philanthropy and Reform; Sensible Dress; New
Occupations for Women; The Home Circle, etc.

The Daily Standard Union of Brooklyn says of
this periodical: "The Business Woman's Journal
improves every issue and is quickly taking a posi-
tion among the standard periodicals of the day,
especially those devoted to women. While treating
of household matters, reform movements and other
subjects usually considered in women's magazines,
it differs from all others in devoting different de-
partments to the special interests of professional
and business women."

The Phonograpbic World.

A large, 50-page Monthly Magazine, size of page 8x11, published in the interests of all systems of shorthand and typewriting. Universally recognized as the leading paper of its class in the world and the only Reporters' paper in America. Now in its seventh year of continuous and uninterrupted publication.

See what leading shorthand authors say of it in September, 1891.

"As a shorthand newspaper, it has never been equaled."—A. J. Graham.

"The only successful shorthand journal that meets the requirements generally of shorthand writers."—James E. Munson.

"The growth of the PHONOGRAPHIC WORLD to such dimensions as it has attained—by far the largest published in the country—and containing a variety and solidity of matter much greater than we find in any foreign publication on the subject, ought to be gratifying to every American practitioner of the profession of stenography."—Geo. R. Bishop.

"By the publication of the PHONOGRAPHIC WORLD, the stenographic has been catered for, and its needs anticipated to an extent never before approached."—Mrs. E. B. Burnz.

"THE PHONOGRAPHIC WORLD—the leading journal of its class."—J. Geo. Cross.

"There are other good shorthand monthlies, but none to approach the PHONOGRAPHIC WORLD in impartiality and enterprise."—Jno. Watson.

"THE PHONOGRAPHIC WORLD is a model in every way; it would be impossible to characterize too highly the benefits which its editor has conferred on the profession."—W. W. Osgoodby.

And many other like testimonials from leading authors, the publication of which space does not here permit.

Subscription price per year only $1.00; sample copy free on application to the editor and publisher.

"I WANT TO KNOW"

THE UNIVERSAL KNOWLEDGE AND INFORMATION BUREAU, NEW YORK.

This Bureau supplies reliable information to all classes of inquirers.

Questions of every kind, from the most simple to the most recondite, are answered. This is possible because the bureau has—outside its office staff of specialists and experts—retained the services of leading men in every department of knowledge, such as Law, Literature, Business, Art, Science, Medicine, Mechanics, etc.

The Bureau has the use of all the great libraries of New York—Astor, Mercantile, Lenox, Law, etc.; and also a number of private libraries devoted to special subjects. Therefore, any knowledge that can be obtained from books is at its command. The use of trained searchers, employed by the Bureau, enables it to undertake the most complete and laborious investigations.

If you want to know anything, from how to introduce a bill in Congress, to the date of the great London fire, the Bureau will give you an answer.

It will tell you how, and where to sell a poem, play, novel, story, or piece of news. It will inform you what anything will cost and where it can be obtained. It will give you the names of reliable parties who will procure, or sell a patent for you, or organize a Stock Company; or obtain capital to develop your Mine, Invention, Factory, Land Co., or Mercantile business, or find a partner, with capital for you; or secure you loans on your securities, or sell city, county, or other bonds.

In fact it will give you information on any subject, from Architecture to Zoology.

All queries are considered confidential.

FEES.

The fees are fixed with sole reference to the time, labor and cost of investigation involved in answering the question.

The Fee for any ordinary question that can be answered briefly, and without any special or extended research or investigation, is 25 Cents.

If it be found that the cost of answering a question exceeds the 25 cents (by reason of the special labor and research required) an estimate of the extra fee necessary will be mailed at once. It will then rest with the correspondent to advise the Bureau whether he wishes to incur the additional expense.

Estimates will not be made, nor any question replied to, unless the 25 cent fee accompanies each question. Remit, with Question, 25 cents in Stamps or Postal Note. A quarter in silver, if wrapped in paper, may be safely sent in a letter.

WHAT KIND OF A STENOGRAPHER OR TYPEWRITER DO YOU WANT?

We can furnish, at a few minutes’ notice, STENOGRAPHERS and TYPEWRITERS qualified to report a Convention, or an After-dinner Speech, or Legal Reporting. We are also able to furnish those qualified to do Legal, Commercial, Dramatic, Literary, or any other kind of work by the hour, day, or week.

We can also send you exactly what you want, if you wish to hire a Stenographer or Type-writer by the week, month, or year.

State in detail what you want, and whether male or female. If you want to employ by the week, state what you require as to qualifications, and what salary you will pay, and we shall send you several—one at a time—until you are satisfied. No fee.
